

Let's Get a Dog

Do you think I can have a dog? Let me tell you why I should be able to get my very own dog. Having a dog takes a lot of time and work. I will be responsible for cleaning up after the dog and feeding him twice a day. It will also be my job to take him on a daily walk. I've shown I can be responsible by doing my homework every night and cleaning my room on the weekends. How will the dog know proper behavior? I'll teach him. It will be my responsibility to take the dog to obedience school and help with the training at home. I've been practicing for baseball everyday so I can get better and I will do the same thing with the dog. I know it will take a lot of my time to help with the dog, but I also know that I can do it. You have seen how responsible I am with my own belongings and homework. Please, can I have a dog?
